

Birds

Birds fly in the air. Birds have wings. They build nests in the trees.

Birds build their nests with grass and twigs. They lay eggs in the nest.

The mother bird keeps the eggs warm. In spring, the baby birds hatch from the eggs.

The baby birds eat worms. When they are big enough they will try to fly. They fly in the air.

3 Rhyme

*There was one little bird
in a little tree,
He was all alone,
and he didn't want to be.*

*So he flew far away,
over the sea,
And brought back a friend
to live in the tree.*
