Multiplizieren – 60 einfache Aufgaben

1) $6 \times 4 = \underline{\quad}$ $7 \times 6 = \underline{\quad}$ $8 \times 3 = \underline{\quad}$
 $5 \times 6 = \underline{\quad}$ $4 \times 9 = \underline{\quad}$ $2 \times 9 = \underline{\quad}$
 $4 \times 4 = \underline{\quad}$ $9 \times 7 = \underline{\quad}$ $8 \times 4 = \underline{\quad}$
 $7 \times 6 = \underline{\quad}$ $5 \times 5 = \underline{\quad}$ $3 \times 6 = \underline{\quad}$
 $7 \times 3 = \underline{\quad}$ $3 \times 2 = \underline{\quad}$ $2 \times 6 = \underline{\quad}$

2) $5 \times 8 = \underline{\quad}$ $9 \times 3 = \underline{\quad}$ $7 \times 8 = \underline{\quad}$
 $8 \times 8 = \underline{\quad}$ $6 \times 2 = \underline{\quad}$ $4 \times 8 = \underline{\quad}$
 $5 \times 2 = \underline{\quad}$ $2 \times 8 = \underline{\quad}$ $6 \times 7 = \underline{\quad}$
 $8 \times 9 = \underline{\quad}$ $8 \times 7 = \underline{\quad}$ $8 \times 10 = \underline{\quad}$
 $5 \times 7 = \underline{\quad}$ $4 \times 5 = \underline{\quad}$ $3 \times 7 = \underline{\quad}$

3) $2 \times 7 = \underline{\quad}$ $6 \times 9 = \underline{\quad}$ $5 \times 3 = \underline{\quad}$
 $5 \times 9 = \underline{\quad}$ $7 \times 7 = \underline{\quad}$ $7 \times 4 = \underline{\quad}$
 $9 \times 9 = \underline{\quad}$ $7 \times 5 = \underline{\quad}$ $9 \times 6 = \underline{\quad}$
 $6 \times 5 = \underline{\quad}$ $4 \times 7 = \underline{\quad}$ $8 \times 5 = \underline{\quad}$
 $9 \times 5 = \underline{\quad}$ $9 \times 4 = \underline{\quad}$ $3 \times 8 = \underline{\quad}$

4) $3 \times 5 = \underline{\quad}$ $2 \times 5 = \underline{\quad}$ $6 \times 3 = \underline{\quad}$
 $9 \times 8 = \underline{\quad}$ $7 \times 9 = \underline{\quad}$ $3 \times 9 = \underline{\quad}$
 $3 \times 4 = \underline{\quad}$ $4 \times 3 = \underline{\quad}$ $3 \times 3 = \underline{\quad}$
 $2 \times 3 = \underline{\quad}$ $6 \times 6 = \underline{\quad}$ $7 \times 2 = \underline{\quad}$
 $8 \times 2 = \underline{\quad}$ $9 \times 2 = \underline{\quad}$ $4 \times 6 = \underline{\quad}$
